

***Protect Our Streams!***

***Report Illicit Discharges to Streams and Storm Sewers***

***Signs of an illicit discharge:***

- ***Oil, antifreeze and household chemicals dumped down a storm sewer***
- ***Make-shift pipes or hoses coming from a home or business to a creek***
- ***Foul-smelling and off-color streams and waterways***
- ***Dead fish and other wildlife in a water body***

***These pollutants can be harmful to human health as well as for wildlife and water quality. Report any suspected illicit discharge to your municipality, Chester County Conservation District at 610-455-1360 or Pennsylvania Department of Environmental Protection at (484)250-5900***
