

[Pennsylvania Organizations- contacts for concerns about water quality, streams and lands adjacent to streams;](#)

In Case of an Environmental Emergency, Please Call the DEP Hotline at (484) 250-5900.

Many municipalities may also have ordinances protecting streams, stream corridors, and adjacent lands. Contact your municipality directly.

Damaging Activity in Stream or Watershed

- Removal of trees along stream bank
- the use of machinery in the stream
- the filling or disturbance of a wetland
- dumping (i.e. releasing large amounts of man-made materials into the stream or wetland), and excessive littering
- air pollution

Stream Changes

- Excessive algal growth
- Unusual smell and/or color
- Sudden change in clarity of water
- Unusual amount of foam

Threats to Aquatic Life

- Unnaturally large quantities of dead fish or major pollution events:

****Do NOT submit messages to report violations, pollutions or fish kills****

To report anything suspected to be a pollution or disturbance of any waterway report it immediately:

- *During business hours* – call our Fish-Kill Hotline, 855-347-4545 (855-Fish-Kil) or your local Commission [regional law enforcement office](#).
- *Outside of business hours* – call the PA Dept. of Environmental Protection, 800-541-2050 (24 hours a day, 7 days a week). **ONLY call this number for pollution reports.** Do not report fishing and boating violations or other issues related to fishing and boating.

- For all others contact your local Commission [regional law enforcement office](#)
 - Notable increase in algae
 - Illegal Fishing
 - Destruction of stream banks
