Stormwater Management Workshop for Homeowners Associations and Property Managers

The Christina Watersheds Municipal Partnership invites you to attend this workshop designed to provide Homeowners Associations and Property Managers with the information they need to effectively manage and improve their stormwater infrastructure to reduce flooding, improve water quality, and increase aesthetic appeal.

Presentations Include:

- **Retrofit Your Stormwater Basin to Improve Water Quality and Stream Health** presented by Paul Racette, Pennsylvania Environmental Council
- **Vegetation Management in Green Infrastructure** presented by Vincent Cotrone and Julianne Schieffer, Penn State Extension
- **Inspection and Maintenance of Stormwater Best Management Practices** presented by Beth Uhler, CEDARVILLE Engineering, LLC

Financial and other support for this project is provided by the Pennsylvania Association of Conservation Districts, Inc. through a grant from the Pennsylvania Department of Environmental Protection under Section 319 of the Clean Water Act, administered by the U.S. Environmental Protection Agency.
